

My Floor Scrubber Is Not Working

6 Answers to the Most Frequently Asked Questions

Let's see the 6 answers to the most frequently asked questions, we can give you without a machine inspection, if your floor scrubber is not working.

1

Why is my floor scrubber not working?

- If it is a cable-powered floor scrubber, check that it is connected to the power socket.
- If it is a battery-powered floor scrubber, check if the main switch is on and if the emergency button is activated.
- Check that the batteries are properly connected.
- Verify batteries state of-charge.

2

Why is the run time of my floor scrubber shorter than usual?

- Check the charge level.
- Check the presence of dirt or oxide on the battery poles.
- Check the condition of the batteries: the older the batteries, the less they hold a charge.
- Check the brush pressure level.

3

Why is my floor scrubber not cleaning properly?

- Check whether the dispensed detergent solution is enough.
- Verify if the type of detergent is appropriate for the dirt type.
- Check that the brush or the pad is correctly installed.
- Check the wear of the brush or pad and whether the type is suitable for the task to be done or not.
- Check the brush pressure level.

4

Why is my floor scrubber not vacuuming properly or not vacuuming at all?

- Verify whether the suction system or the suction hose are clogged.
- Check if the suction hose is securely attached.
- Evaluate the wear of the suction system.
- Check if the squeegee blade is dirty or worn.
- Check if the squeegee assembly is aligned.

5

What causes too much foam in my floor scrubber?

- The detergent is not correct.
- Too much chemical.

6

Why is my floor scrubber not dispensing water?

- Check if there is water in the tank.
- Further open the tap or increase the amount of the dispensed solution.
- Check if the filter is clogged.

Bonus tips:

- At the end of each shift, remember to carry out daily maintenance operations.
- Refer to the use and maintenance manual of your floor scrubber.
- Rely on an expert for an accurate floor scrubber inspection.

Take care of your floor scrubber to make it last!
